Library Databases:

A research and skill building toolkit for *everyone*

Huachuca City Public Library

The Cochise County Library District operates **five branch libraries** in rural communities, and provides support services for the **seven city libraries** in Cochise County.

For the public, the Library District offers a shared **online catalog**, **ebooks** and digital collections, and access to **research databases**.

The Library District also provides home delivery of library materials for residents who are not able to visit a library.

Arizona State Library,
Archives and Public Records

- The research databases are provided in partnership with the Arizona State Library.
- The 15 Arizona counties each pay a share based on their population.
- Some larger libraries offer additional resources purchased on their own.

Gregor and the Prophecy of Bane (Sep 2004)

By: Collins, Suzanne

In his second adventure, eleven-year-old Gregor returns to the world beneath New York City to rescue his kidnapped sister, Boots, and fulfill a prophecy that will restore peace to the people, bats, rats, cockroaches, and spiders who populate the underworld.

Reviews Audiobooks More About This Book Lists & Articles

Booklist:

/*Starred Review*/ Gr. 4-7. What if Alice fell down an air vent in a New York City apartment building instead of down a rabbit hole? Collins considers a similar possibility in her exceptional debut novel, a well-written, fast-moving, action-packed fantasy. Eleven-year-old Gregor expects a long, boring summer of baby-sitting his two-year-old sister, Boots, and his senile grandmother. Distracted with thoughts about his father, who disappeared three years ago, Gregor belatedly notices that Boots has crawled into an air vent in the laundry room. He dives in after her, and the two are sucked downward into the Underland, a fantastic subterranean world of translucent-skinned, violet-eyed humans, and giant talking cockroaches, bats, spiders, and rats. Eventually, the terrified Gregor is transformed into a warrior hero who leads a successful battle against an army of invading rats and discovers his father, who has long been held prisoner by the enemy. Collins creates a fascinating, vivid, highly original world and a superb story to go along with it, and Gregor is endearing as a caring, responsible big brother who rises triumphantly to every challenge. This is sure to be a solid hit with young fantasy fans. — Ed Sullivan (BookList, 11-15-2003, p608)

School Library Journal:

Gr 4-8 –In this accessible, almost-cinematic fantasy, Gregor and his two-year-old sister fall into an amazing underground world. Taken in by people who have lived beneath the earth for centuries, the 11-year-old learns about the giant-sized talking creatures that also reside there, including bats, cockroaches, and vicious rats. Gregor just wants to get home, but a prophecy hints that he may be the "overlander" destined to save the humans from the warlike rodents. He is reluctant until he learns that his father, who disappeared from their New York City home a few years before, is a prisoner of the rats. Gregor is not an eager hero, but with common sense, quick thinking, and determination he grows into the role. His sister, who provides some comic relief, also plays a key part because of her ability to befriend creatures, especially the giant cockroaches. Plot threads unwind smoothly, and the pace of the book is just right. Exciting scenes and cliff-hanger chapters are balanced by decisions and interactions that drive the action. Gregor is not the most compelling figure at first, but as the story progresses he becomes more interesting, maturing through the challenges he faces. Supporting characters are generally engaging, particularly the enigmatic warrior rat that claims to support the protagonist's mission. This is an engrossing adventure for fantasy fans and for those new to the genre.—Steven Engelfried, Beaverton City Library, OR --Steven Engelfried (Reviewed November 1, 2003) (School Library Journal, vol 49, issue 11, p134)

Publishers Weekly:

/* Starred Review */ In a cavernous world beneath New York City, humans who long ago emigrated from the "Overland" live side-by-side with super-intelligent bats and loyal giant cockroaches. In a charming tip of the literary hat, debut novelist Collins introduces her young heroes Gregor and his little sister Boots into a wonderland through a trip down a long hole—in this case, an opening in a wall of their apartment building's laundry room. While passionately trying to find a way back home, 11-year-old Gregor learns about the Underlanders, their history and their unusual customs. Before long, Vikus, the noble patriarch of the Underlanders, reveals to Gregor an ancient prophecy—and why he believes that the boy is the foretold "overland warrior," come to liberate them from the giant rats. The relationship between Gregor and two-year-old Boots embodies much of the book's charm, and Gregor himself grows up before readers' eyes. His love for his lost father factors heavily into his personality; in a stunning turn of events, he discovers the reason for the disappearance of his father—who also plays a role in the prophecy. Collins does a grand job of world-building, with a fine economy of words—no unnecessary details bog down either the setting or the invigorating story. In her world, a child singing "Patty-Cake" can change the course of history and a stoic rat can mourn the fact that although he is able to read, he cannot write because he has no thumb. Unlike Gregor who cannot wait to leave, readers will likely find it to be a fantastically engaging place. Ages 8-12. (Sept.) --Staff (Reviewed September 8, 2003) (Publishers Weekly, vol 250, issue 36, p777)

Cop Town (Jun 2014)

Author: Slaughter, Karin, 1971-

Adult Fiction

Description:

"Atlanta, 1974. It's Kate Murphy's first day on the job and the Atlanta Police Department is seething after the murder of an officer. Before the day has barely begun, she already suspects she's not cut out for the job as a cop. Her male uniform is too big, she can't handle a gun, and she's rapidly learning that the APD is hardly a place that welcomes women. Worse still, in the ensuing manhunt, he'll be partnered with Maggie Lawson, a cop with her own ax to grind (and a brother and uncle already on the force)--a strategy meant to isolate Kate and Maggie from the action. But the move will backfire, putting them right at the heart of it"--Provided by publisher.

More About This Book

Lists & Articles

Booklist:

/* Starred Review */ In her first stand-alone novel, Slaughter revisits the themes of her best-selling 1970s-set Criminal (2012). In Atlanta in 1974, Kate Murphy shows up for her first day of work at the Atlanta Police Department. Brought up in the genteel section of town, the daughter of a wealthy psychiatrist, Kate is wholly unprepared for the rough-and-tumble atmosphere of a department that is openly hostile to women. Sporting a uniform three sizes too big, she is a ready target for her fellow cops? emotional and physical hazing. She partners with Maggie Lawson, who has a brother and an uncle on the force, and the two are thrown headlong into a day that sees them dealing with the murder of a fellow police officer. They begin to suspect that the dead cop was the victim of the Shooter, an expert marksman who has already taken out four other officers. Frantically looking for the thread that connects the murders, conducting a harrowing interrogation of a transsexual pimp that erupts in violence, and emotionally bruised from the vitriol directed her way, Kate begins to wonder if she is cut out to be a cop. Slaughter graphically exposes the rampant racism, homophobia, and misogyny of cop culture in the 1970s, made all the more jarring by its contrast with Kate's cultured upbringing. Winning leads, the retro setting, and a riveting plot make this one of Slaughter's best.HIGH-DEMAND BACKSTORY: Slaughter has more than 30 million copies of her books in print in 32 languages; the first standalone novel by this exceptional crime writer is sure to win her many new fans. -- Wilkinson, Joanne (Reviewed 05-01-2014) (Booklist, vol 110, number 17, p20)

Introduction

Encyclopædia Britannica, Inc.

China, Chinese (Pinyin) Zhonghua or (Wade-Giles romanization) Chung-hua, also spelled (Pinyin) Zhongguo or (Wade-Giles romanization) Chung-kuo, officially People's Republic of China, Chinese (Pinyin) Zhonghua Renmin Gongheguo or (Wade-Giles romanization) Chung-hua Jen-min Kung-ho-kuo, country of East Asia. It is the largest of all Asian countries and has the largest population of any country in the world. Occupying nearly the entire East Asian landmass, it occupies approximately one-fourteenth of the land area of Earth. Among the major countries of the world, China is surpassed in area by only Russia and Canada, and it is almost as large as the whole of Europe.

China has 33 administrative units directly under the central government; these consist of 22 provinces, 5 autonomous regions, 4 municipalities (Chongging, Beijing, Shanghai, and Tianjin), and 2 special administrative regions (Hong Kong and Macau). The island province of Taiwan, which has been under separate administration since 1949, is discussed in the article Taiwan. Beijing (Peking), the capital of the People's Republic, is also the cultural, economic, and communications centre of the country. Shanghai is the main industrial city; Hong Kong is the leading commercial centre and port.

Martin Luther King, Jr.

₹ The Scribner Encyclopedia of American Lives, Thematic Series: The 1960s, 2003 ▲

Born: January 15, 1929 in Atlanta, Georgia, United States **Died:** April 04, 1968 in Memphis, Tennessee, United States

Other Names: King, Michael Luther, Jr.

Nationality: American

Occupation: Civil rights activist

(b. 15 January 1929 in Atlanta, Georgia; d. 4 April 1968 in Memphis, Tennessee), religious and <u>civil rights</u> leader who, as president of the Southern Christian Leadership Conference, spearheaded the struggle for racial equality throughout the 1960s.

King was the second of three children of Martin Luther King, Sr., pastor of the Ebenezer Baptist Church and one of the principal leaders of the black community, and Alberta Christine (Williams) King, a teacher. King enrolled at Morehouse College at age fifteen. He continued his studies at Crozer Theological Seminary in Chester, Pennsylvania, graduating with a bachelor of divinity degree in 1951, and at Boston University, from which he earned his doctorate in systematic theology in 1955. By that time he had married Coretta Scott (18 June 1953), with whom he would have four children, and become pastor of the Dexter Avenue Baptist Church in Montgomery, Alabama.

Minimum Wage

Rally to Increase Minimum Wage

In the United States, a *minimum wage* refers to the lowest wage that an employer can pay a worker according to rules established by federal, state, local, or tribal governments. A company or representative board for a specific trade or industry also may decide to set a minimum wage for workers. In 2007 lawmakers created legislation to gradually raise the federal minimum wage from \$5.15 per hour, which had been in effect since 1997, to \$7.25 per hour, which has remained in place since 2009. As of 2018, twenty-nine states and the District of Columbia have set their own minimum...View More

What's so special about library databases?

Subscription databases provided through your library give you access to thousands of reference books. magazines, and journals that may not be available locally.

Whatever your interests or research needs, these powerful tools put trustworthy information at your fingertips, 24/7.

General Reference

Britannica Library - NEW!

This award winning database offers encyclopedia articles, images, and reference tools for children, teens, and adults. Simply select the level that is right for you (Children, Young Adults, or Reference Center), and search by keyword.

General OneFile

Search periodicals, newspapers, reference books and multi-media sources on the humanities, education, environmental issues, technology, health care, politics and more.

InfoTrac Newsstand

Provides access to more than 1,100 major U.S. regional, national and local newspapers as well as leading titles from around the world?.

PowerSearch

This provides single-search access to almost all of the library's Gale content. It helps researchers save time through a streamlined common user interface that can be customized to match skill levels and habits.

If you only remember one thing:

Library databases can be a lifesaver!
