Photo Challenges

Choose one or more of these challenges that are appropriate for you. More information and examples for some of these are available at makingandsharing.com/summer. You can also come up with your own challenges or search for more in the Internet.

Simple

- Take a selfie that shows you in your "happy place"
- Make a photo of some fabulous food
- Take a photo of a person in mid-air
- Make a photo that uses [leading lines](#)
- Make a photo using the [rule of thirds](#)
- Make a photo that shows perspective
- Take a portrait that shows someone's true character

Medium

- Take a selfie in which you are hidden in the photo
- Make a new photo "old" (make it black and white or sepia tone, digitally damage or burn the edges)
- Take a photo that shows depth of field
- Make a photo that tells a story
- Combine two photos to show someone or something in an unlikely location
- Photograph something very small up close (macro photography)
- Photograph a paper cutout in an interesting scene
- Take a picture that shows a hidden face in nature (for example, in the clouds)

More involved

- Make a [light painting](#)
- Make a [time lapse movie](#)
- Make a picture that is intentionally blurred to show motion
- Make a photo with an interesting special effect filter (watercolor painting, pop art, etc.)
- Make a [stop motion movie](#)
- Take a panorama photo in which you appear multiple times (as a clone)
